

Water bike **Falcon**

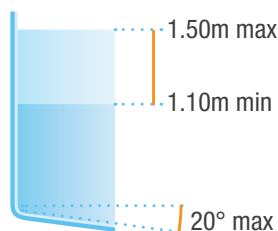

# Turbo Sport

## ERGONOMICS FOR EVERYONE

## ALL POOL TYPES

## THE MOST COMPLETE WATER BIKE

This sporty version is created for those who want to combine cardio-training with muscle strengthening.

You will like the Falcon's great pedaling fluidity and its comfort of use with bare feet.

With its sport + accessories pack included, this water bike is the most complete in its class.

It is designed for intensive use as fitness training or water therapy, in all types of water.

The Falcon enables you to work on your stamina and physical condition, as it provides a full exercise program.

## ADJUSTABLE RESISTANCE SYSTEM AQUAPALM 2

The Falcons Aquapalm 2 system contains 4 rotating blades to improve the performances. The scoop shape provides additional support in the water and increases the resistance; the user can adjust this hydraulic resistance system by rotating each of the blades, while being seated. This technical innovation has appealed to many sports clubs, physiotherapists and thalassotherapy centers.
